

MERCURY

Flyway[™]
45

When being the quietest
isn't enough.

**INTRODUCING THE NEW
Mercury Flyway 25 EFI FourStroke**

We've taken stealth one step further.
Our 25 EFI FourStroke is already the quietest
in its class. Now, it's nearly invisible.

MERCURY

Flyway™ 45

Some circumstances require more than just FourStroke silence...

They demand total stealth.

That's why Mercury is proudly introducing the Flyway 25 EFI FourStroke outboard. This outboard features the *Advantage MAX-4 HD*® camouflage pattern and matching low gloss paint, standard from the factory.

There's no need to try and hide your engine by covering it with spray paint, stickers, or a bag. Mercury has got you covered.

The Flyway 25 EFI FourStroke outboard is available while supplies last!

See your Mercury dealer NOW!

ADVANTAGE MAX-4 HD®

was designed to meet the need of open terrain camouflage – without geographical limitations. The pattern incorporates cattails, millet, milo, corn stalks, sunflowers, oak and maple leaves, cedar and oak limbs, plus a variety of other plant life into the largest camouflage artwork on the market.
